My son completed his 3rd year B.Sc. (Computer Science) exams in the year 2007 and the results were out on the 12th of June 2007. The mark-sheet clearly stated 'Fail'. We just could not believe it. I asked him, 'did you see the result properly?' He replied 'Yes'. I was stunned, just did not know what to do. Rahul had always been a clever student and had hardly missed a distinction up to his Hsc exams. We were feeling absolutely helpless and lost. The last resort was, but obviously, our dear beloved Bapu. I related everything in front of his photograph and pleaded, 'Bapu, please deliver us from this problem!'

Some days later, I narrated the same to SadyaPipadada (Govindsinh Dabholkar-Appa). Appa assured me and said, 'Have Faith in Him, some solution is bound to surface and everything will be well again.'

During that time, Rahul's Professor asked him to apply for re-evaluation. 3 weeks later, on 11th July 2007, the Xerox copies of the answer sheets came home. Then Rahul called his sir home to check the answers. On checking he told Rahul, 'Your marks are increasing, you apply for re-evaluation.' So Rahul put in an application for re-evaluation on 26 July 2007. Sir had informed us that the process of re-evaluation from paper- checking to the result would take about 3-4 months and so we expected the results by the end of November 2007. Alarmingly, even after half the month of March 2008, was over the result had not arrived. On enquiring, in the University, we would be given a new excuse on every occasion. Yet we did not give up on our efforts.

Later on one Thursday, at Shree Harigurugram, we met a Bapu bhakta, Arun Deshmukh. Casually as we were talking, we mentioned about the incident. He said that he would try his best but we too should continue with our efforts too. 10-15 days later, Mr. Deshmukh contacted us to inform that he had explained our case to one of his acquaintance working in Kalina and that we should now get in touch with him. Accordingly we got in touch with that person and gave him Rahul's exam details, roll no and subjects. Within 5-6 days, he telephoned us and assured us that there was no reason to worry as Rahul's marks had indeed increased and he has passed in the 2nd class. The delay in the dispatch of the letter was only due to the pending signature of the Dean! On hearing this we could not contain our joy and within 15 days i.e. on the 19th April, 2008, we received the letter and subsequently on 2nd May, 2008, we received the mark-sheet too.

All this had happened only because of Bapu's Krupa. He is unique and one can never know which form He will assume to rush to our help!
Hari Om Bapu.
